DETAILED ACTION

Applicant's arguments filed 12/14/05 have been fully considered but they are not persuasive. The response submitted by Applicant does not overcome the rejection made by Examiner in the last Office action.

Claims 1-8, 10-11, 13-26 and 29-32 are rejected under 35 U.S.C. 103(a) as being unpatentable over Merfeld et al.

The rejection is maintained for the reasons as stated in the last Office action and for the following reasons:

Applicant's arguments are based on a Rule 132 declaration to state that the declaration need not provide factual evidence and need only provide an unequivocal declaration that he conceived the subject matter relied on by the Examiner. This is not convinced since Applicant does not provide evidence to show how others, such as Merfeld and Colborn, have contributed to the claimed subject matter.

The ODP rejection is hereby withdrawn in view of Terminal Disclaimer filed on 12/14/05.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1711

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
